

THANK YOU ...

Tailends would like to thank everyone who has been so kind to us this year by supporting our work with these old dogs.

We would particularly like to thank:-

Frank Brown who has been responsible for the donation of a new computer to *Tailends*. (Our computer was eight years old and struggling to cope with the increasing demands placed on it. It was still operating on Windows 95 but now we have a brand new XP system.) Frank has been extremely generous and has also sent donations from his colleagues at work. We cannot begin to thank him and them. Our ever-increasing bills for veterinary treatments and drugs meant that our old computer had little chance of being replaced. This has enabled us to continue producing lists of dogs, cats and other animals who need homes and circulating them throughout the country to veterinary surgeries and others who display them. The generosity of Frank and his friends means that thousands of animals will continue to be helped to find suitable responsible homes. Spaces are thereby released for more needy animals to be taken into rescue. *Tailends* helps numerous Rescues, both large and small, throughout the UK. Our lists also serve to inform the public about the numbers of unwanted companion animals awaiting homes and the work done on their behalf by so many centres throughout the country.

If anyone reading this knows of any Rescue Centre which would like help with publicity for their animals please let us know. *Tailends* is only too happy to help. (This is subject to the Rescue operating an acceptable rehoming policy and checking out potential homes in advance.) There is no cost for the faxing and only basic postage costs if a mailing list is also required.

I would also like to thank all those who have helped *Tailends* this year:
